CABLE GUARD

CABLE PROTECTION SYSTEMS

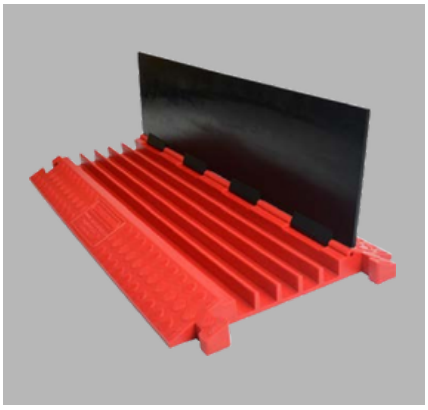

www.bscsystem.pl

Cable covers

Low profile single channel cable covers for use with pedestrian traffic and low volume vehicular traffic. Ideal for protecting a wide range of cables with overall diameters up to 12mm or 20mm.

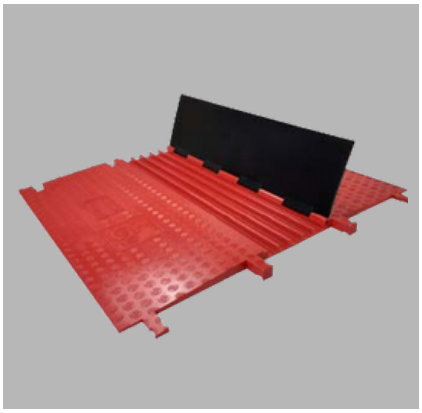

BLACK LINE cable ramps

1, 2, 3 and 5 channel cable ramps ideal for pedestrian traffic and low volume vehicular traffic. Highly visible with black lids, red base and red side ramps.

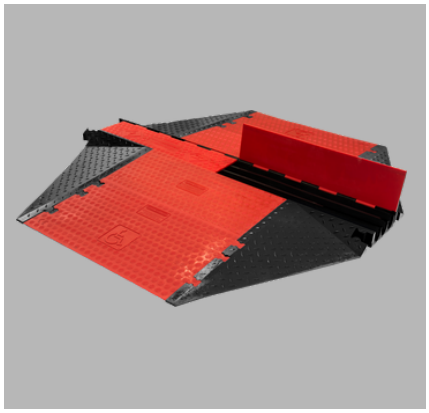

RED LINE cable ramps

3, 4 and 5 channel heavy duty cable ramps ideal for high volume vehicular traffic. Highly visible with red extra thick lids, black base and black side ramps.

BLACK LINE mobility ramps

DDA compliant mobility access ramps for use with pedestrian traffic and low volume vehicular traffic.

RED FLOOR 3 mobility access ramps

3 channel heavy duty modular cable protection system with DDA compliant mobility access ramps, for use with high volume vehicular and all pedestrian traffic.

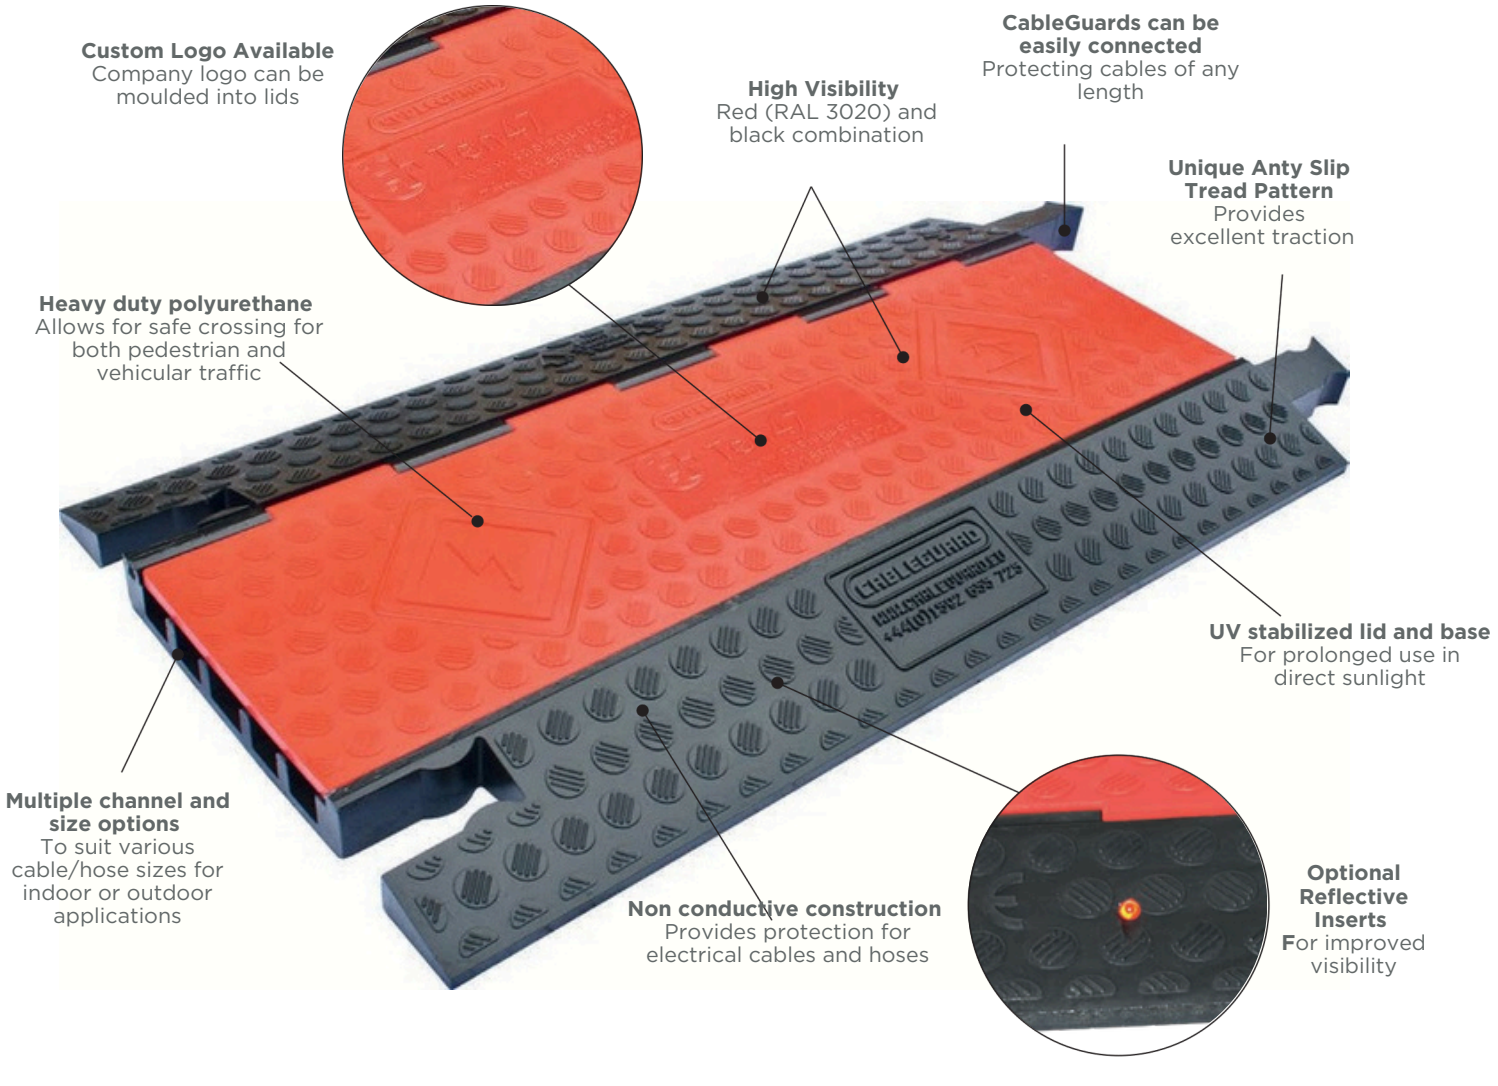

RED FLOOR 5 mobility access ramps

5 channel heavy duty modular cable protection system with DDA compliant mobility access ramps, for use with high volume vehicular and all pedestrian traffic.

CableGuard SYSTEM FEATURES

- **Durability.** An investment that ensures peace of mind for years without the need to replace components every season. Our complete cable protection system is manufactured using open casting molds and high-quality, UV-stabilized, halogen-free polyurethane material. This choice of material and production method provides optimal results in terms of durability, weight, and size of the cable ramps.
- **Unique Design.** The only system of its kind on the market! Featuring distinctive red and black colors, it attracts attention and ensures high visibility. The ramps come in high-visibility standard colors: red (RAL 3020) and black.
- **Modular Construction.** Designed for easy installation, transport, and storage.
- **Universal Protection.** A system designed to secure a wide range of cables in any quantity – from a low-profile single channel to a modular system capable of protecting an unlimited number of large channels. Suitable for both pedestrian and vehicular traffic under various load conditions.
- **Customization.** Cable ramps can be branded with your company's durable logo, offering effective advertising and theft protection.
- **Applications.** Ideal for entertainment events, sports events, conferences and exhibitions, film productions, industrial areas, and construction sites.
